BETHEL.

Middle Intervale.

Mrs. Louisa B. Packard, widow of the late Stephen Packard, jr., died at the home of her son, A. H. Packard, Sept. 5, aged about 90 years, her exact age being 89 years, 7 months.

She was of English descent the daughter of Joseph and Lavina Penley of Paris. Her husband, Stephen Packard, was a teacher of public schools when he formed her acquaintance and after marriage settled in the town of Woodstock where the oldest children were born, then moved to Paris where they lived for some years, then moved to Montpelier for a few years, the remainder of their life being in Bethel, where they both lived until death. Interment at North Paris where they both rest peacefully with children that played together in childhood.

Their children now living are as follows: Ellen P. Kimball, Bethel; S. G. Packard, Elmira, N. Y.; Mrs. R. J. Coffin, Denver, Col.; Mrs. A. B. Burton, Corvallis; James B. Packard, Montpelier; Mrs. Rose F. Houghton, Philadelphia; A. Haddon Packard, Bethel; Annie Davis, Kingston, N. H.; Dr. F. H. Packard, West Paris. She has two brothers living and one sister, Rev. Francis Grover and Charles F. Penley and Mrs. Sarah T. Pratt, widow of the late Capt. G. C. Pratt.

She retained her faculties wonderfully until the last and made the statement that her mother was with her. She will be missed sadly especially by her daughter who lives in Bethel.

When the autumn winds were sighing She left our household band, Now in heaven she is waiting To give the welcome hand.

Mr. Peaslee was born in Atkinson, N. H., Dec. 8, 1816, and despite his advanced age and the fact that he had been an invalid for some years, he retained his faculties to quite a remarkable degree. Since the death of Mrs. Peaslee seven years ago, Mr. Peaslee lived with his daughter, Mrs. G. F. Russell, where he was tenderly cared for, both by Mrs. Russell and by his son, Alfred Peaslee. Interment at West Bethel.

Stop the Strenuous Life.

Weakens the Tissues and Lessens Organic Vitality.

The stress and strain of the strenuous life in both city and country tends towards stomach troubles.

Five people suffer to-day where one did ten years ago with acid, headache, dizziness, flatulence, distress after eating, specks before the eyes, bloating, nervousness, sleeplessness and the many other symptoms of indigestion.

All who are suffering with stomach troubles, and that means at least two out of three in Norway and other towns, should use Mi-o-na stomach tablets. Nothing else is as safe, yet effective; nothing else can be so thoroughly relied upon to relieve all troubles from indigestion as Mi-o-na.

It is not a mere digestive taken after the food is eaten, but a true tonic, stimulant and strengthener for the muscular walls of the stomach, increasing the flow of digestive fluids and putting the stomach into such condition that it does the work Nature expects of it.

So reliable is Mi-o-na in its curative action that Novus Drug Store, Frank Kimball, Proprietor, with every 50-cent box they sell give a guarantee to refund the money unless the remedy does all that is claimed for it.

HARBOR.

An Accident.
George D. Skillings of Bolster's Mills was driving into town Saturday with a load of potatoes. The Bancroft Trophy.
One of the most highly prized rifle trophies in the country will spend the winter in Maine, having been won by Maine marksmen the past summer. This is the Bancroft trophy with which goes the regional championship of New England and it was captured at Wakefield, Mass., July 24, by a team of six men representing the First Infantry of the Maine National Guard.

The trophy was presented by Major General William A. Bancroft (Ret.) of the Massachusetts Volunteer Militia and was competed for the first time three years ago. The first year the First Maine team landed just outside the month, last year it took second place and this year, thanks to superior shooting at the 600-yard stage of the match, led the field.

AN OLD MAN'S TRIBUTE.

An Ohio Fruit Raiser, 78 Years Old, Cured of a Terrible Case After Ten Years of Suffering.

When suffering daily torture from backache, rheumatic pain, any ill of kidneys or bladder, turn to Doan's Kidney Pills. A cure endorsed by thousands. Read an old man's tribute.

Sidney Justus, fruit dealer, of Mentor, Ohio, says: "I was cured by Doan's Kidney Pills of a severe case of kidney trouble of eight or ten years' standing. I suffered the most severe backache and other pains in the region of the kidneys. These were especially severe when stooping to lift anything, and often I could hardly straighten my back. The aching was bad in the daytime, but just as bad at night, and I was always lame in the morning. I was bothered with rheumatic pains and dropsical swelling of the feet. The urinary passages were painful, and the secretions were discolored and so free that often I had to rise at night. I felt tired all day. Half a box served to relieve me, and three boxes effected a permanent cure."

SIDNEY JUSTUS.

"A FREE TRIAL of this great kidney medicine which cured Mr. Justus will be mailed on application to any part of the United States. Address: Foster-McLennan Co., Buffalo, N. Y. Sold by all dealers; price, fifty cents per box."

BACKACHE AND DESPONDENCY

Are both symptoms of organic derangement, and nature's warning to women of a trouble which will sooner or later declare itself.

How often do we hear women say, "It seems as though my back would break." Yet they continue to drag along and suffer with aches in the small of the back, pain low down in the side, dragging sensations, nervousness and no ambition.

They do not realize that the back is the main-spring of woman's organism and quickly indicates by aching a diseased condition of the feminine organs or kidneys, and that aches and pains will continue until the cause is removed.

Lydia E. Pinkham's Vegetable Compound made from native roots and herbs has been for many years the most successful remedy in such cases. No other medicine has such a record of curing of feminine ills.

Miss Lena Nagel, of 117 Morgan St., Buffalo, N. Y., writes:—"I was completely worn out and on the verge of nervous prostration. My back ached all the time. I had dreadful periods of pain, was subject to fits of crying and extreme nervousness, and was always weak and tired. Lydia E. Pinkham's Vegetable Compound completely cured me."

Lydia E. Pinkham's Vegetable Compound cures Female Complaints, such as Backache, Falling and Displacements, and all Organic Diseases. Dissolves and expels Tumors at an early stage. It strengthens and tones the Stomach. Cures Headache and Indigestion and invigorates the whole feminine system.

Mrs. Pinkham's Standing Invitation to Women
Women suffering from any form of female weakness are invited to write Mrs. Pinkham, Lynn, Mass. Her advice is free.

Much Concern Felt.

Ordinary Methods for Treating Catarrh of the Prostate Gland.

Recent statistics showing an increase in catarrh have shaken the confidence of medical men in the usual prescriptions to safeguard human health from the ravages of this disease.

When treatment dosing proved ineffective, it was natural to look for some other treatment, and it is believed that in Hyomei an absolute cure for all catarrhal troubles has at last been found.

Breathed through a neat pocket inhaler, its healing medium reaches every spot where there are catarrhal germs, destroys them, prevents their future growth, and soothes the irritated mucous membrane so that relief is felt almost instantly, while lasting cure is practically sure to follow.

The complete Hyomei outfit costs but \$1.00, and is sold by Noyes Drug Store, Frank Kimball, Proprietor, under an absolute agreement to refund the money if it does not give satisfaction. It is the only cure for catarrh that has even been sold under a guarantee to cost nothing unless it cures, but Frank Kimball has so much faith in its power to cure all catarrhal troubles that he is willing to take the risk, so that Hyomei does not cost you, the will not be a penny's expense. Get an outfit at once on this liberal plan.

East Hebron Fair.

The East Hebron Fair this year had its usual attendance. Games and the pulling of work horses were the features of the day outside, while in the hall a farmer's dinner was served by the grange sisters who were well patronized.

The show in the hall was especially good in the line of fruit and flowers. Mrs. Henderson and Mrs. Dunbar had a fine show of flowers which consisted of asters, sweet peas, chrysanthemums, some especially handsome celi, etc.

Mrs. Geo. Needham and Mrs. Martha Ramsdell were in charge of the table of useful and fancy articles for exhibition, while the Ladies' Aid had a sale of table in charge of Mrs. Minnie Allen.

It is a noted apple section, and the fruit shown was finely colored and of good size. E. P. Ramsdell showed over twenty varieties of apples. Exhibitors were R. G. Beale, E. E. Hutchinson, W. B. Ramsdell and H. A. Record.

The Hendersons, father and son, showed the biggest pumpkins and turnips, beets, carrots, etc. W. G. Thorpe showed fine specimens of Kohl-rabbis.

A Nation of Cripples; Rheumatism Beyond Control

The Only Hope to Rheumatic Sufferers is Uric-O Treatment.

If rheumatism continues to spread as it has in the past few years, it would seem as though we would before long become a nation of cripples. The terrible distress of this disease is apparent on every side of us. Almost every one of the cripples one meets has how many thousands more there are that are Rheumatism, from the very nature of the case, can never cure itself and if neglected is a source of growing trouble and suffering.

There never was a case of Rheumatism that would ever get better by Uric-O. Uric-O is the only treatment in the world that cures Rheumatism permanently and thoroughly. Uric-O cures by direct action on the poisonous Uric Acid and its nature of the disease. It seeks out and drives it from the system and it is only a treatment. Liniments and blisters only serve to drive it from one spot to another. They never cure Rheumatism, leave it, primarily a from a poison, a cure cannot take place.

The state is represented by County Attorney Charles P. Barnes and Assistant Attorney General W. C. Philbrook of Waterville. Everett is defended by Hon. John P. Swasey of Canton and Hon. A. S. Kimball of Norway. Mr. Kimball was in Boston the first of the week on business and Mr. Swasey was assisted by M. L. Kimball, Esq. It was about noon when the jury had all been drawn and Mr. Swasey wished to have the court adjourn until afternoon. Mr. Barnes wished to open the case as he stated that in the afternoon the counsel with the jury men and officers wished to visit the scene of the affair at Paris Hill. It was finally agreed to adjourn and open at two o'clock.

There were not many spectators in the forenoon but in the afternoon the court house was well filled, the majority of those present being ladies.

Court was called promptly at two o'clock. Deputies A. F. Berry of Hiram and H. D. Cole of Bryant Pond were sworn as officers to attend the jury.

There was no objection made to the panel and the indictment was read by Clerk Charles F. Whitman. County Attorney Barnes stated that as the weather did not look the best and in order to drive to Paris Hill and see the place they had better go at once before the opening of the case. This the court agreed to. The counsel on both sides, the jury attended by the deputies and the respondent Wallace G. Everett, accompanied by Julius Wilbur, L. Farrar started about 2.15 and were to report at 9.30 Wednesday morning.

The special jurors not serving on this panel were excused from further attendance, those on the regular jury not serving on this panel were excused until Saturday morning.

Frank Etheridge pled guilty to the charge of intoxication and was given 30 days in the county jail.

There was very little more to interest the gathering and slowly they began to leave, going a few at a time until but a small number remained.

One little incident will show how patriotic even the children were in those days and what respect they had for the U. S. uniform. Myse, a better looking fellow than I, took a ride to South Paris roads were broken out. Then there came a boy, perhaps a dozen years old, and he took me and trudged along through the rough snow path. He had some store budgets also, and it was with some difficulty that he made his way to the old farm-house, three miles away. He arrived there just at dusk and was very tired. All the family were glad to see me and whoever got possession of me first was considered fortunate. During the next two or three days I was the pet of the household.

There I had 365 companions an old flax wheel, some old boots and shoes, a broken reel, several chunks of old iron, some old "fire dogs" with brass tops, some jugs, bottles, old clothes and other things that were of no use to me.

There I lay "for years and years" lamenting my lonely condition. My face was tanned and I looked old and dusty. After many years a stranger came among us, a middle aged man hunting for old curiosities.

He spied me and carelessly or out of curiosity picked me up. His eye fell upon a paragraph that explained a matter which had been a "bone of contention" among the people for many years. He began the possession of me, and my wish was granted and I was again cherished as a valuable treasure. Surely the ways of the world are wonderful.

An immense dam at Fryburg, on the Sacqui river in the night, a soldier lying near me had the night-mare and jumped overboard. I was lying there awake and saw him suddenly spring right from his bunk on the floor and fall over the side. It was all so sudden there was no time to even think of preventing him doing it. A half dozen voices gave the alarm "man overboard," the ship was hoisted, a life-boat lowered and the soldier was rescued.

We landed at New Orleans and were joined by those soldiers who were not allowed a furlough because they did not re-enlist. We were then ordered to Carrollton fifteen miles above the city, against the enemy. Our duty was not very arduous so we had some leisure to spend in visiting. One day I procured a pass to the city and returned on the afternoon train for the purpose of calling on a friend. I was lying there awake and saw him suddenly spring right from his bunk on the floor and fall over the side. It was all so sudden there was no time to even think of preventing him doing it. A Story of Songs.

One day "In the Good Old Summer Time" I left my "Old Cabin Home" and went on a New York trip. I told the conductor to "Put Me Off at Buffalo."

"Down in Poverty Row" I met "Whistling Rufus" and asked him if he remembered "When I Saw Sweet Nellie Home."

He said yes, she was "Sweet Nellie Home."

"Beloved Me" "O the Bowery" I saw "Old Black Joe" and "Uncle Ned."

They told me "Massa's in the Cold, Cold Ground." I said I knew "The Fine Old English Gentleman."

In the party "The Old Band" was playing "The Bells of Scotland." It made me think of "Annie Laurie." I sat down "The Vacant Chair." By and by I started out again to find "Yankee Doodle." On the way I met "Mr. Dooley."

He said he had been to "Uncle Sam's Farm" and as he was "Coming Thro' the Rye," he came across "Ben Bolt." With his arm around "Annie Rooney," "Just as the Sun Went Down" I sailed for "Dublin Bay."

The next day I went to see "Nancy Lee." She was a "Widow in the Cottage by the Sea." She has "Silver Threads Among the Gold." "On the Banks of the Wabash" lives my "Darling Nellie Gray." I met a "Sweet Love of Mine." "In the Evening by the Moonlight" I went for a stroll with "Sylvia." "Just Across the Bridge of Gold" we saw "Sweet Adeline." She was with "Two Little Girls in Blue," called on "Blue Bell." She said, "I Don't Know Why I Love You So, but I Do." I told her to "Meet Me by Moonlight" and we will go down "Where the Sweet Magnolia Blooms." "Wait Till the Clouds Roll By" and "Will say "Good Bye, Little Girl, Good Bye" and go back to "My Old Kentucky Home." (Maine Farmer.

The lawyer's green bag will soon be a thing of the past. It has already lost its distinctive feature inasmuch as not only many men and women, not members of the profession, have acquired its use, but school children find it a convenient receptacle to carry books, pencils and other things dear to the youthful heart. For the boys it provides a useful weapon and not infrequently is used as a slung shot with which to whack some too obstreperous companion over the head.
